McCREARY THE MAN TO REDEEM THE PARTY.

Says Millionaire Mayo, Who Believes He Is Only Man Who Can Defeat O'Rear.

John C. C. Mayo, the man who owns more of Eastern Kentucky than any one man, and who has always been a leader of democracy in his part of the state, announces that he believes that James B. McCreary is the man to lead the democratic party to victory in the next state campaign. He says that he believes McCreary is the only man who can unite the party and defeat O'Rear. A dispatch from Lexington to the Cincinnati Enquirer had this about Mayo and what he said:

John C. C. Mayo, of Paintsville, the millionaire coal, timber and land baron of Eastern Kentucky, and a pioneer in the development work now in progress in that section of Kentucky, stopped off here to have a business talk with John N. Camden, and while in the city talked interestingly concerning the forthcoming gubernatorial race in this state.

Mr. Mayo is a democrat of strong convictions. He was a delegate from the state at large to the Denver convention, and he has been frequently importuned to make the race for Congress from the Tenth district, in which he is a recognized party leader.

Lately he has been mentioned as a possible candidate for the office of governor, but his business interests are too large and require too much of his time and attention to permit of his making a race or accepting nomination for any office.

He is not a candidate and will not be a candidate, but he is strong for James B. McCreary, who is now at his home in Richmond answering voluminous correspondence concerning his political future, and who will shortly make announcement of his candidacy for the democratic nomination for governor.

"I want to see the democrats redeem Kentucky, and I am confident that they will do it if James B. McCreary is their standard-bearer, as I expect he will be, at the next general election for State offices," said Mr. Mayo. "McCreary is the only man in the state who can unite the party and defeat O'Rear, who, I feel certain, will be the republican nominee. In saying this, I believe I reflect the opinion of a large majority of the people of Kentucky, irrespective of party affiliations. I am intimately acquainted with the wishes of the democrats in Eastern Kentucky, and they are for McCreary. I never hear any one else mentioned as having a possible chance against O'Rear."

"McCreary can harmonize all factions in that section, and he will bring back to the party many men who left the democratic ranks because of the gold and silver issue, and who have since been voting with the republicans or independently. We want a business administration in this state, and McCreary is the man who can give it to us. He demonstrated that when he filled the office before, and he has since shown his ability in that direction by the successful management of his own private affairs."

"Yes, sir, I am strong for McCreary, and as you folks here in the blue-grass country say when you have an especial favorite in a horse race, I am sure that I am 'backing a winner.'"

Rockcastle Case.

The case of Belle Lawrence against the Commonwealth, from Rockcastle, was reversed by the Court of Appeals this week, with directions to give peremptory instructions to find the defendant not guilty of a misdemeanor in going on a public highway "afflicted with smallpox."

Saves An Iowa Man's Life.

The very grave seemed to yawn before Robert Madison, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c at G. L. Penny's Drug Store.

Is It Being Sold?

Thirteen gallons of whisky arrived by express for various parties in Stanford Wednesday. Most of it was consigned to negroes, but some came to white consignees, and the city doesn't license the handling of liquor.

Picked The Winner.

A good sized delegation from Lincoln county attended the Derby in Louisville Tuesday which was won by Gerst's good horse Donau, with Joe Morris second and Fighting Bob third. Nearly all the local bunch had the winner right and made expenses. Among those who were there were J. T. and S. J. Embury, Jr., J. C. Eubanks, Dr. M. M. Phillips, Russell Brown, John Owsley Reid and J. F. Cummins.

Hunting His Horse

H. B. Howard Hears That He Was Sold In Mercer By Dr. Gose.

H. B. Howard, of Crab Orchard, was here on Saturday looking for his gray buggy horse, which he hired several days ago to Dr. T. F. Gose, the veterinarian, who spent several days in Danville about two weeks ago. Dr. Gose can not be located by Mr. Howard. He is an old resident of Crab Orchard, having been living there for years and what has become of him is a mystery. It is said that his family left last week for Nebraska. The case was placed in the hands of Chief of Police Logan Wood, who secured information leading him to believe that the horse was sold in Harrodsburg last Monday to a Wilmore party for \$60. It is worth \$100. Mr. Howard was much exercised over the mysterious case.—Danville Advocate.

Mr. Howard consulted with Sheriff McCarty here about the matter, and steps may be taken for the apprehension of Dr. Gose if he can be located.

Big Fire In Garrard.

Bradshaw's Big Grain Elevator Burns, With \$12,000 Loss.

Fire Tuesday destroyed the grain elevator of Leslie Bradshaw, in Garrard county. Three thousand bushels of wheat and 800 barrels of corn were consumed. The origin of the fire is unknown. The loss will aggregate \$12,000, and insurance \$4,300.

Broke His Hip

When He Slipped And Fell And John Wilson Died From Injuries.

John Wilson, a well known resident of the county in the section near Crab Orchard, died last week as the result of an accident. While hauling some heavy poles, he slipped and fell, breaking his hip. As he was 67 years of age, the injury proved too serious a shock and he did not survive long afterward. He made his home with his son in the lower part of the county and had many friends.

Thornton-Montgomery.

Friends here have received news of the marriage of George Montgomery to Miss Hazel Thornton in St. Louis. Mr. Montgomery is an old Casey county boy, a son of Eld. J. Q. Montgomery and brother of popular Chas. F. Montgomery. He has a splendid position with the American Cresset Company at Hugo, Okla. His many warm friends in Kentucky will wish the young couple all the happiness in the world.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw that every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life is an unrivaled remedy for coughs, colds, la grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c; \$1. Trial bottles free. Guaranteed by G. L. Penny."

Will Write a Book.

The Montgomery, Ala., Journal says: "Several of the Louisville & Nashville employees in Montgomery are inventors and authors. Will G. McKinney, of the union depot, is contemplating writing a book, as he saves all of his best stories and articles, and they are almost ready for the press."

If "Kinney" would write his Stanford experiences, especially when he was "King of Rat-Row," they would be rich.

Lancaster Beaten Again.

The Lancaster High School team and a nine from Nicholasville crossed bats at Lancaster and the home players were completely worsted by the visiting team, the score standing 5 to 1 in favor of the visitors.

COULD NOT FIND HIS BROTHER'S BODY.

Walter W. Warren Will Sue Santa Fe Railroad For \$10,000 For His Brother's Death.

Walter W. Warren returned from Brownwood, Texas, this week, where he went to search for the remains of his brother, A. T. Warren, who was blown up by the premature discharge of dynamite during construction work on the Santa Fe railroad near there a few weeks ago. Not a trace of Mr. Warren has ever been discovered, and his brother was unable to recover any portion of his remains.

At the time of the explosion Mr. Warren was sitting astride a mule, superintending the construction work. After the explosion, which came suddenly and unexpectedly, the carcass of the mule, torn almost to shreds, and about half of the saddle, were found several hundred feet away, but no portion of Mr. Warren's body could be found. A huge mass of rock was torn up and piled up by the force of the explosion, and some think that the body may be entombed in this.

Mr. Warren talked with many of the workmen who were in the construction crew under his brother, and ascertained, he says, that orders which he had given as superintendent had been disobeyed in the handling of the dynamite. He consulted a lawyer while there and suit will be instituted at once against the railroad company for \$10,000 damages for the death of his brother, which it will be alleged was caused by negligence on the part of the railroad company and through no fault of his own.

Waynesburg Odd Fellows

Attend Session of Stanford Lodge On Wednesday Night.

One of the nicest affairs in Odd Fellows' circles in a long while was the visit here Wednesday night of several of the officers and most prominent members of the newly established lodge at Waynesburg, No. 304. The members of No. 156 here, gave their visiting brothers a hearty welcome, entertaining them at supper at Carson's restaurant, where they had the best the markets afford. In the evening the visitors attended the regular session of 156 in its hall, and were made to feel that it was good to have been here.

The members of the Waynesburg lodge are a splendid body of men and number some of the most substantial citizens in the Southern part of the county. Among those who were guests here were N. G. A. L. Foster, P. G. E. C. Jordan, Secretary Stanley McIntosh, V. G. H. B. Singleton, T. S. Reynolds, R. Y. Ballard, J. W. Sweeney, Hendricks Hays, H. L. Dumas, Clinton Singleton, Dr. J. W. Acton and A. L. Wilder.

Hoofed It To Shelbyville.

John Owsley Reid and Hays Foster started through to Louisville in the former's Cadillac motor car last Saturday. All went well till they hit the rough pike between Lawrenceburg and Shelbyville. The machine gave down on them between the two towns and they were compelled to foot it into Shelbyville, where they telephoned to Louisville for a repair man to come after the car, and finished their trip by rail.

Base Ball Saturday.

The Stanford ball team went to Hustonville Thursday afternoon to cross bats with the team there, just as the I. J. was going to press for this issue. On Saturday the crack Harrodsburg high school team comes over for a game, and one of the best of the season is expected. All loyal fans are expected to be out, for Harrodsburg is making a hard bid for the amateur championship of the state, and would like to wrest it from Stanford.

Money In Chickens.

The increasing money which is being made out of the poultry industry in Kentucky was illustrated here Monday when Henry Brown, the produce man of Harrodsburg, said that during the month of April his firm had bought over \$20,000 worth of eggs. An enormous amount of poultry and eggs is being purchased every month by the local produce men. Stanford is becoming one of the very markets in the State for small farm products and splendid

ATTEMPTS TO END HER LIFE

Casey County Woman Goes Head First Into Rain Barrel-Graded School Election Quiet.

MIDDLEBURG, MAY 12.

Mrs. Richard McDaniel, who has been in very feeble health for two or more years, made an attempt to end her life Monday afternoon by jumping head first into a rain barrel. Her daughter discovered her in time to save her life. This is the third attempt she has made to destroy her own life.

Mrs. Lucy Black, who was before the magistrate last Wednesday charged with assaulting her husband, waived an examination of the charge and gave bond for her appearance at circuit court, with her brother, W. D. Elmore, as bondsman. There was quite an array of witnesses in the case but only a few of them were of importance.

From the headlines of our last letter, one might get the impression that some of our ladies were of the two-listed Amazonian type. There are several husbands here perhaps, who need an occasional flogging at the hands of their better halves, but our women are long suffering and too modest to do so, even though their husbands are constantly disobedient.

The Graded School will give an entertainment on the evening of May 16 that promises to eclipse anything of the kind ever given here. The program is quite lengthy and is made up of recitations, drills and every thing that goes to make up a first class entertainment. The proceeds of the entertainment are to be used for the benefit of the graded school library. Everybody invited to come and have a good time.

Contrary to the expectation of every one, the school election was a quiet one. The graded school people won in the election by safe majorities. Those who opposed the school did not make the fight that was expected. In fact those who have heretofore taken an active part against the school, seemed to take little interest in the election of Saturday.

Judge Lincoln Wells and Q. C. Godby were here last week negotiating with Joe Elliott for the right of way for a bridge across the river between here and Yosemite. The right of way will be paid for by private subscription and Q. R. Jones is circulating a paper for that purpose.

Rev. James Valentine, a ministerial student of Georgetown College, and an Australian by birth, preached at the Baptist church here Sunday morning and evening. He appears to be a good man and will return and preach on the second Sunday in June.

Mr. and Mrs. F. L. Jones started Sunday morning to New Castle, Ind., to see Mrs. Spurlin Sharp, who is quite sick with but little hope of recovery.

How to Cure Eczema, Pimples And Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for eczema, pimples and dandruff. Yet we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency, as Zemo has given splendid results wherever recommended. Our customers like Zemo, too, because it is a clean, vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase we give a booklet on skin diseases explaining in simple words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy. G. L. Penny, Druggist.

Came Here to Get Auto Fixed.

Stanford is conceded to be the best cattle, tobacco, wheat and corn and horse market in this part of the State, and now it is gaining fame in motor circles. Guy Hundley, of Danville, drove over in his big automobile car Wednesday morning to have George Harris fix one or two points about it which were not in good working order. He said that he considered Mr. Harris a better man with an auto than anyone in Danville, so drove the ten miles expressly to have him put the machine in shape. Accompanying Mr. Hundley were Messrs. Chenault and Robinson Hugely, both well known and popular here.

More Agricultural Books.

THE INTERIOR JOURNAL has just received another batch of the biennial report of the State Commissioner of Agriculture, which it will give out to its friends as long as the books last. These books have a very handsome agricultural map of Kentucky, as well as information of value to every farmer, and statistics of every county in the state. They are free for the asking at the office of the I. J. First come, first served.

Want Another Bridge.

Residents On Hanging Fork Take Up Matter With The County.

Prominent residents of the northwestern portion of the county, near the Boyle line, are very anxious to have a bridge built over Hanging Fork, about half way between the bridge on the Stanford and Danville pike and that on the Danville and Lancaster pike. Alexander Brown, John Goggin, K. Dunigau, James Hackley, J. A. Robinson and others have taken the matter up with Judge Bailey and the fiscal court and hope to secure the bridge. They say that they are willing to contribute toward the cost if the county will bear its share of the expense. High water on Hanging Fork has prevented many from getting to the city often during the year, and has proven a great nuisance. The place where the bridge is desired is about eight miles below the Danville pike covered bridge and at the junction of two roads, and said to be an ideal place.

To Fly In Kentucky

Men-Birds Will Hold Big Aviation Meet In Louisville.

The people of Kentucky at last are to have an opportunity to see an airplane in flight, with real bird-men soaring high in the air and executing difficult and interesting evolutions with no other sustaining power than the planes and motors.

The Louisville Times has announced that a great aviation meet is to be held in Louisville June 18-19 at Churchill Downs, under the auspices of that paper, at which some of the world's most noted aviators will be seen with their wonderful aircraft. Most prominent among these will be Glenn H. Curtiss, whose daring achievements both here and abroad have stamped him as a peerless bird man. Such others as Charles F. Willard, Charles K. Hamilton, Horace F. Wild, "Bud" Mars and C. K. Bates will also be in the contests for the supremacy of the air.

It is expected that low rates will be secured on all railroads leading into Louisville for these two days and it is expected that record-breaking crowds will flock to the historic race course, where heretofore the Kentucky thoroughbred has held full sway.

Epidemic Of Mumps

Has Struck Stanford And Is Not Confined To Children.

Stanford is in the throes of an epidemic of mumps now. Several children are suffering from this annoyance, and there are one or two "grown-ups" who have not proven immune. Miss Margaret Hopper, teacher of the Seventh Grade of the city school, is confined to her home with the disease. As commencement time approaches rapidly, considerable effort was made to find a substitute teacher for her grade. Mrs. W. K. Warner, who is well experienced, finally consenting to do the work temporarily.

Gatewood Beazley and Jean Paxton Elizabeth Higgins and Tom Bright are among the many victims of the malady.

"Hyomei certainly saved my life and I accord it the credit which it deserves and merits."—Mrs. Ada Hopkins, of Coldwater, Mich. Hyomei is guaranteed by G. L. Penny to cure catarrh, coughs, colds, croup or sore throat. \$1 for complete outfit.

Mrs. Bell's Condition.

The Harrodsburg Republican says that Mrs. Bell is improving rapidly and it is hoped that it will not be long until she is able to travel. The condition of Mr. and Mrs. Goddard is not so encouraging for speedy recovery. The time of the burial of Judge Bell's remains here has often been asked us, but as yet we are unable to say with any degree of certainty. If it is decided that Judge Bell's remains be brought home before Mrs. Bell comes, it will only be after obtaining her consent, which has not been secured. The doctor advises that she stay in Seattle for some time, as the trip and sad experience would to injure her in her weakened state.

Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, all sores and boils. It makes the skin soft and velvety. It glorifies the face. It cures sore eyes, cold sores, cracks, etc.

ARCHITECT MILBURN INSPECTS COURTHOUSE

And As A Result No Jury Trials Will Be Had At May Term--To Make Written Report.

Architect Frank Milburn, who designed the new Lincoln county court house, made a careful inspection of the building Saturday and as a result, he pronounced it in no condition yet for the holding of circuit court. Upon this finding of the architect, it was decided that no jury trials will be held at this coming term of court, and nothing but the equity docket will be heard. This is the second postponement of court on account of the incompleteness of the new building. Mr. Milburn did not make a full report of his inspection of the building, which Contractor Krueger is almost ready to turn over to the county. He said that he would make his report in writing to the fiscal court. Speaking unofficially, however, Mr. Milburn said that the court house was of splendid, strong construction. The finish, however, he does not think, corresponds to the architectural beauty of the building, being slightly rough, and for this reason he recommended that no form of acceptance of the work be made by the court until the contractor had completed his contract.

Notice of the abridgement of the May term of court, and dismissal of the grand and petit juries was issued as follows:

Owing to the incomplete condition of the court house, and the fact that no suitable place for the trial of jury cases can be had at the next May term of the Lincoln circuit court, the members of the bar and the judge of the Lincoln county court have requested that no jury trials be had at that term of the court. The judge of the Lincoln circuit court concurs in their opinion and now he and the judge of the Lincoln county court hereby give notice to the public that, at the next May term of the Lincoln circuit court no jury trials will be had of any criminal or common law cases. The grand and petit juries drawn for that term are hereby excused from attendance. J. M. SAUFLEY, Judge Lincoln Circuit Court. JAS. P. BAILEY, Judge Lincoln County Court.

Glancing Shot

Hit Danville Negro In Head And He Will Not Die.

George Helm, the Danville negro, who was shot in the pistol duel between Will Lee and Jeff Bryant, two Stanford negroes, here last Monday, will recover, according to advices which have been received from there. Helm was the "innocent bystander"—who always gets hurt—when the altercation began between Lee and Bryant, both of whom are well-known characters. Both had been drinking, for it is said that booze could be had for the asking here court day, a number of agents of whiskey sellers giving away samples to those who desired it as advertisement of their goods.

Helm was sitting outside the house in which Lee and Bryant began their fracas. Lee used a double barreled deringer and Bryant an improved Smith & Wesson Special. Neither's aim was good enough on account of their condition, to hit each other. A bullet from one of the guns, however, struck the side of the house, and glancing off, struck Helm. A physician at Danville, whence he was immediately taken, has located the ball in the skull and it is believed he will recover, though he may never have the use of all his faculties again. Bryant and Lee are being held to await examining trial.

C. E. Union.

The Kentucky Christian Endeavor Union will hold its 20th annual convention in Louisville on Friday, Saturday and Sunday, May 13-15, 1910, and from the advance reports now obtainable, it appears that the present campaign for 110 new societies within a year, or an average of one new society to every county in the state, will be more than successful, the present rate of increase in Kentucky being greater than at any previous period in the history of the state union.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they are unequalled. Easy, safe, sure. 25c at Penny's Drug Store.

TAPT whipped the insurgents into line and they passed his railroad bill. An amendment to the measure places telephone and telegraph companies under the Interstate Commerce Commission. The same companies ought to be controlled by the railroad or some other commission in Kentucky, but they never will be as long as the companies can hire state officials with lots of influence to watch their interests before the Legislature.

SOME mighty fleet horses have raced at Churchill Downs, but none have ever raced as fast as will the aeroplanes which will fly there shortly in the coming aviator meet. The Louisville Times is promoting this big affair, which insures its success. The Times is always first in anticipating the public's desires, and thousands will journey to Louisville to enjoy this latest stroke of enterprise of the biggest and best newspaper in the South.

FRIENDS are urging Hon. Woodson May, of Somerset, for the democratic nomination for clerk of the Court of Appeals next time. Mr. May is a clean, high-principled gentleman of the type that makes officials who have the best interests of the state at heart. As he hails from our good neighbor of Pulaski, Lincoln county democrats will undoubtedly feel very kindly toward him. He would make a faithful official.

WE wonder if Brother Duncan, of the Meade County Messenger, really believes that everything he says in his labored defense of Ben Johnson as the ideal candidate for the democratic nomination for governor, is true. If he does, he's the worst fooled man on politics in the State to-day.

MAYOR GAYNOR, of New York, is proving himself a bigger man than the country believed him when Tammany elected him. He has just closed a theatre in New York, which was featuring plays of immoral suggestion.

WONDER if our friend Dunlap is sorry now for some talking that he did, one time?

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Knoxville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Fort Lauderdale, Fla.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty-cent or one-dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 690 Caldwell building, Monticello, Ill.

IT'S ALWAYS BAD.

The Best of Backs Are Bad When
They Ache. And Stanford People Know It.

A bad back is always bad.
Bad at night when bed time comes.
Just as bad in the morning.
Ever try Doan's Kidney Pills for it?
Know they cure backache—cure every kidney ill?

If you don't some Stanford people do.
Read a case of it:

Simeon Raines, carpenter, E. Main Street, Stanford, Ky., says: "Some years ago I used Doan's Kidney Pills with good results. In 1900 I met with an accident which brought on a recurrence of kidney complaint. I recovered so that I could work, but my back remained very weak. When doing any thing that required stooping, my back became very lame and painful. Remembering what Doan's Kidney Pills had done for me previously, I procured a box at Shugars & Tanner's drug store and they gave me great relief. Doan's Kidney Pills have my highest endorsement."

Prohibition Convention Resolutions.

The prohibition party of Kentucky, in convention assembled, in the city of Louisville, May 5, 1910, trusting in God for the final complete triumph of prohibition reform, and believing that neither the democratic nor republican parties will or can give us prohibition of the liquor traffic, declare our allegiance to the national prohibition party, fully endorsing its platform, adopted in 1908.

We call upon each Congressional district in Kentucky to nominate a candidate for Congress and pledge these candidates, if elected, to stand for:

1st. The submission by Congress to the several states of an amendment to the Federal constitution prohibiting the manufacture, sale, importation, exportation and transportation of alcoholic liquors for beverage purposes.

2d. To the immediate prohibition of the liquor traffic in the District of Columbia, in the Territories and in all places over which the National government has jurisdiction; the repeal of the internal revenue tax on alcoholic liquors and the prohibition of the interstate traffic therein.

We further declare for a ballot based on intelligence and moral character only.

Believing in the righteousness of these principles and in their final triumph, we invite all right-minded persons, who are weary of the dilatory tactics of our legislative bodies; to join with us in the election of Congressmen from Kentucky, who will support these principles and protect our homes with their votes, which they are by their election commissioned to cast for us against the beverage liquor traffic, and against all delay measures in the interest of the traffic.

A SMALL GAME.

A word of caution may be of help to some who contemplate shipping household goods to western states, particularly those bordering on the Pacific. This has reference to including in shipment of "household goods" only those things which are classed as such in the freight schedules, and what these are may be ascertained from the agent at the point of shipment. To illustrate:

Not long since a gentleman who had engaged a through car to the coast after loading his goods thought he would put in two or three tons of baled hay. At the last division point before the car arrived at its destination the freight was inspected and additional charges exacted which increased the freight bill more than \$100. Thus instead of being a source of profit the small amount of hay shipped cost close to \$40 a ton to transport. The lesson was a costly one, but it was well learned.

To the average patron of transportation companies this looks like straining at a gnat and taking advantage of trusting and unsuspecting immigrants for the poorly concealed purpose of picking their pockets. It's a holdup game that does credit to no railroad management, and it goes without saying that it would not be practiced at all in sections where there was even a semblance of competition. It is tricks and squalidness of this type practiced by some transportation companies that tend to put the whole class in disrepute and seem, in fact, to justify the feeling on the part of the payee that transportation companies are holdup institutions and enemies of the public which place full faith in the "public be damned" policy. In several other instances related the same trick was tried, in one case upon a widow and her daughter, who were easy victims, while in one or two other instances a loud "holler" was put up, and the railway officials modified their tactics.

King Eagle.

Vol. 6, A. S. H. R. No. 2556. King Eagle is 16 hands high, dark bay with flowing mane and tail, goes all the guts with plenty of speed, style and action. PEDIGREE.—Sired by Royal King, 2555, he by On Time, 745, he by Stonewall Jackson, 72. Royal King's 1st dam Mollie Mount, 3584, by the noted sire Cabell's Lexington F. S. King Eagle's 1st dam Hip 3579, she by Old King Eagle, 750, 2nd dam by Red Lion, 3rd dam by Harris Denmark, he by Miller's Denmark, 45, 4th dam by Jim Bell (thoroughbred).

NOTE.—King Eagle is a combined stallion, a breeder of fine color and high styled colts, they all having size, style and action. He sired the colt that won the \$50 stake at the Stanford fair, and the \$100 stake at the Lancaster fair, defeating there four of the get of the great Rex Payne. This get of King Eagle was second in the \$300 stake at Harrodsburg, with 24 entries and defeated the colt that won this stake two out of three shows. His colts are in demand, bring the highest prices. King Eagle will make the present season at the low price of \$15 to insure a living colt.

Will also stand the great mule jack, Jim Keene at \$10 for mares and \$20 for jennets to insure a living colt. Jim Keene sired by the great Billy Keene, 1st dam by the Imp. John Wells, 2nd dam by Beecher. Jim Keene is 15 3/4 hands high, black with white points, a great mule jack. All of the above mentioned stock will make the season of 1910 at our stable 2 1/2 miles West of Stanford on the Shelby City pike. Mares traded, parted with or bred elsewhere for the insurance and money becomes due a living colt.

Ashland Brook.

(No. 41784.) Vol. 17, A. T. H. R. bred by Eugene Rucker, Georgetown Ky. Ashland Brook was foaled 1902, solid bay with left hind foot white, stands 15 1/2 hands high. PEDIGREE.—Sired by Silent Brook, No. 322, record 2:17, Ashland Brook's 1st dam Bunn Wren by Ashland Wilkes, 2591, record 2:17 1/2, the sire of John R. Gentry, 2506, Sally Tozer, 2506, Ashland Wilkes sired by Red Wilkes, 1749, he by George Wilkes, second dam, side Lilly by Pretender, 1458 and dam by Jim Monroes, 588. NOTE.—Ashland Brook is a handsome fellow with lots of substance, has a bold way of going with speed, style and great action. His oldest colts are three years old and they are all one could expect, they bearing good colors with plenty of size and great style and finish. Ashland Brook sired the great sixteen year old, Sallie Brook, that sold for \$650. Ashland Brook will make the present season at \$15 to insure a living colt.

WAR TRACE.

Will also stand the great young Jack War Trace for mares and \$20 for jennets. War Trace is black with white points, 15 1/2 hands high sired by Great Eastern, the second by the Imp. Tax Payer, that sold for \$250. His dam was by the Imp. Great Eastern. War Trace dam by Bedford Star, he by Razzel Starlight.

Kentucky Farmers

think that if they raise 20 bushels of wheat or 15 barrels of corn to the acre they are doing well.

ARIZONA RANCHES raise from 6 to 9 crops of Alfalfa a year, yield from 1 1/2 to 2 tons to the acre per cutting, which sells from \$10 to \$20 per ton. We have ranches that yield two crops of corn a year, and no dry years, for all we have to do to make it rain, is to turn on the water in the irrigation ditches.

We have fruit ranches, cattle ranches, chicken ranches, hay ranches and, in fact, anything in the ranch line, large or small, and at all kinds of prices.

Arizona will soon become a state and is coming to the front very rapidly. All kinds of property are in great demand and getting higher every day. Railroads are being built; gold, copper and zinc mines producing untold wealth, and we have the finest climate in the world. All inquiries answered promptly.

Pence, Jr.

Pence, Jr. will make the season of 1910 at the barn of the late John Z. Spoonamore, 1 mile from Rowland at \$30 to insure a living colt. If mares are traded or parted with, season money becomes due.

Pence, Jr. is a bay stallion, 7 years old, full 16 hands high, good style and action, by Pence, he by Rienz, he by Belmont, he by Alexander's Abdallah. Pence's first dam, by Almont Forrest, 2d dam by Garrard Chief, 3d dam by Grey Eagle, 4th dam by Copperbottom. Pence, Jr.'s 1st dam by Ed Barlow 2575, by Castelar, 1072, he by Volunteer 55, Ed Barlow's 1st dam by Woburn, 2d dam by a Mambrino horse, 3d dam by Mambrino Messenger. Pence Jr.'s 2d dam by Gill's Vermont. Pence Jr.'s colts are all showing up nicely and they bear proof of him as a breeder.

Mares grazed at \$2 per month; not responsible for accidents or escapes should any occur. GEO. SPOONAMORE & BRO., Rowland, Ky.

Over 16 hands 5-year-old jack will make the season at our farm on old Danville pike between Hedgeville and Hubbs at a fee of \$10 for mare mule and \$8 for horse mule, to insure living colt. Will also take \$100 for mares. FITZPATRICK & RANKIN, Stanford Ky.

Notwithstanding the large quantities of beans which are produced in the United States, there were imported last year more than 2,800,000 bushels, valued at over \$4,000,000.

The manufacturers of almost all brands of stock foods realize that stock does not, as a rule, get all the salt they need, hence put in a generous supply of this much relished condiment.

On loose, rolling soils alfalfa is preferable to an annual legume like crimson clover or cowpeas, because when once established the soil needs no plowing and but slight harrowing for several years.

The newly set wood lot will do best if given much the same cultivation as other tilled crops, for the law of rapid growth for trees and plant life is the same—namely, adequate circulation of the air and moisture in the soil.

During the last fiscal year the importation of wool into the United States amounted to 260,500,000 pounds, valued at \$45,000,000. For the last decade the consumption of wool totaled 4,750,000,000 pounds, of which 33 per cent, valued at \$213,000,000, was imported.

If the boy couldn't have both, but could choose the one or the other, he would be better equipped for life with a well-endowed self respect and moral backbone than by having a percentage endowed with a fat bank account only. The possession of the former will enable him to keep his head level in many times of stress, while the latter would more likely prove a pitfall and a snare than of any positive benefit.

It is generally conceded by experienced fruit men that heavy pruning during the dormant period tends to produce heavy wood growth the season following. This type of pruning is therefore desirable for young trees where growth of wood and the building of a good frame are the chief aim. With mature bearing trees the pruning, if proper care has previously been given, should be light and should be done during July and August, which will induce fruit rather than wood production.

Where it is not desired to grow an intensive crop like strawberries in the young orchard beans or corn makes an excellent substitute where soil and climatic conditions are favorable. The tillage of these crops gives the soil that stirring which is most beneficial for the growing trees, while neither pulls largely on the soil fertility. In sections where the summer sun is very hot and a shade is needed for the trees, corn would be preferable to beans, while the presence of the growing corn would lessen the damage to the young trees from grasshoppers in case they were numerous. In the first year many follow the practice of having the young tree take the place of a hill of corn, while others allow no corn to grow in any of the four adjoining hill spaces. Of course the only condition under which corn would be permissible in a young orchard would be that of repeated and frequent cultivations.

Every farmstead located in a section where winters are cold and winds blow ought to have its shelter belt of coniferous trees—spruces, pines or firs. The strip devoted to such windbreak ought to be located at a sufficient distance from the house and farm buildings to give room for feed lots, garden, etc. This strip should be put in mellow condition and given frequent cultivation after the young trees are set. It is well to select for the shelter belt varieties which have done well and made thrifty growth on other farms in the vicinity, or, if there be none of these, varieties which are recommended by the nearest reliable nurseryman. Only those trees should be bought which are guaranteed to have good roots and to grow when properly cared for. Trees that have been transplanted several times in the nursery are far preferable to those which have not been. The important thing to keep in mind in buying the trees is not how cheaply they can be bought, but, having been set, how well they will do and how thrifty and symmetrical a shelter belt they will make. Shoddy, poor rooted trees that can be got for a song are the most expensive kind of trees that a fellow can buy in the long run.

While the statistics of the world's supply of live stock are incomplete, the latest estimates are interesting. Sheep are the most numerous of the domestic animals, and their total number is placed at 580,000,000. In this industry, Australia ranks first, with 85,000,000 head, Argentina next with 67,000,000, and the United States third with 57,000,000 head. The world's supply of cattle is given as 430,000,000 head, and in this line British India leads with 91,000,000 head, including buffaloes and buffalo calves. The United States stands second with 70,000,000 head and Russia third with 37,000,000. In the raising of hogs the United States is far and away in the lead, being credited with 50,000,000, or more than a third of the world's supply. Germany comes second with 22,000,000 head, while European Russia has about 11,000,000. The total number of horses is placed at 95,000,000 head, and the United States and European Russia rank about even with between 20,000,000 and 25,000,000 each. This country is credited with more than half of the 7,500,000 mules. Asiatic Turkey raises most asses, British India leads in swine.

A becoming sense of the eternal fitness of things would suggest the propriety of having at least a couple of months elapse between the publication of a card of thanks and action on the part of the heirs at law to take steps to secure what they consider an equitable partition of the estate of the deceased relative.

Hen manure is too concentrated a fertilizer to be put on the land liberally, as is done with other manures. It should be mixed with dust or litter while accumulating, and even then one should spread the stuff sparingly. We have known of mature apple trees being knocked out by too much kindness in the application of this fertilizer.

Treating seed corn with coal tar by stirring a small quantity of it in a peck of seed at a time so that each kernel is smeared with a little of the tar is said to keep the crows and gophers from touching the corn after it is planted. If the kernels are inclined to stick together more corn should be worked in and possibly a little flour, which will tend to keep the kernels apart.

The sooner soil is harrowed after being plowed the more completely will it retain the moisture at and near the surface, for the blanket of fine, mellow earth thus made checks a rapid evaporation of the moisture. Since this is so a delaying of the harrowing will serve to more quickly dry a soil that contains more moisture than is required for the proper germination of the seed which is to be placed therein. In sections of the west where moisture is at a premium strict attention is paid this fact of moisture conservation.

If the truth were known it would probably come to light that the increased cost of living is due to a substantial increase in freight and express rates as well as to a perceptible inflation of the circulating medium and scarcity of some staple food supplies. This advance in transportation rates has been very quietly made, but the increase has been considerable, and the middleman and distributor in order to come out whole has had to add this advance to the prices he had been previously asking for his goods, which were already high.

There is nothing calculated to check milk flow in a dairy cow more effectually than being chased around a yard by a cursing, loud mouthed man or boy and being ever and anon pounded over head or rump with club or milk stool. Not long ago we saw a pretty likely looking heifer put through this kind of mill by a couple of little heathens, whose treatment would be sufficient to cause a cow to give skim milk, sour milk or no milk at all. It may suffice to say that the father of these boys wasn't in the dairy business for profit or he would have got busy on the boys with a big slat.

Of all shortsighted initial economies there is none worse than the buying of runty and unthrifty fruit trees just because they can be got cheap, and this is true whether one is setting an orchard for himself or expects to turn it over to some customer at bearing age. It is the start a tree gets, as in the case of a calf or a pig, during the first three years that largely determines not only its later beauty, but utility as a horticultural thing, and hence every reasonable precaution should be taken to see that the choice of the young trees as well as the care given should be of the best.

A fellow may not suffer anything more than physical discomfort if he orders his undershirt and prunes from a distant mail order house, but he had better pass the practice up when it comes to grass seed and order from a home man who he can bat with a stuffed club if the seed is not pure and as represented. Not as yet is there in force an adequate federal pure seed law; hence a fellow has no recourse for damages if he orders from a firm outside of his own state and gets worthless or even pernicious grass seed. A number of states have effective pure seed laws, and where seller and buyer reside in such states the latter's rights are amply safeguarded.

While there is a big discrepancy between the prices which it was claimed could be got for ginseng in the craze which swept over the country four or five years ago and those which are quoted today, the returns are nevertheless sufficient to give a good interest return on the money invested, provided one has the patience to bide his time for results. The present prices of ginseng range from \$4.50 to \$6.75 per pound for the dried roots, the higher prices being received for the wild product, which finds a congenial home in moist, moldy wood lots where the shade is sufficiently dense to keep blue grass from getting a foothold. The roots should not be gathered before they are two years old, while much larger and a better quality of roots are secured if they are allowed to grow a longer period. In the artificial cultivation of ginseng the conditions of moisture and shade referred to as existing in a native wood lot are reproduced as nearly as possible, the beds being shaded by the erection of slat roofs and abundant moisture being supplied if the rainfall should not be sufficient.

King Eagle, Jr.

Pedigree.—Sired by S. T. Harris' King Eagle Vol. 6, A. S. H. R. No. 2556; he by Royal King 2555; he by On Time 745; he by Stonewall Jackson 72; Royal King's 1st dam Mollie Mount 3584, was by the noted sire Cabell's Lexington F. S. King Eagle's 1st dam Hip 3579 she by Eagle Bird 1014, he Old King Eagle 750, 2d dam Red Lion, 3d dam Harris Denmark, he by Miller Denmark 45, 4th dam by Jim Bell. King Eagle Jr.'s 1st dam was Mollie Drennon, she by Old Drennon, 2nd dam Copper Bottom and runs back to David Crockett, thoroughbred.

Note. King Eagle is five years old; dark bay with one white hind foot; nice mane and tail. He stands full 16 3/4 hands high, weight 1,425 lbs. and well proportioned in every way.

A combined stallion with plenty of speed, style and action, and his colts show that he is a fine breeder. He had colts to come last Spring that the owners refused \$150 for before weaning time. He will make the season of 1910 at our barn, one mile west of Waynesburg on Fishing Creek at \$10 to insure a living colt. Mares traded, parted with or bred elsewhere without my consent forfeits the insurance and the money becomes due at the time of such transaction. Care will be taken to prevent accidents but not responsible should any occur. Will also stand a GOOD MULE JACK, SAM KEENE, sired by S. T. Harris' great Billy Keene and out of a pedigree jennet. Sam Keene is 14 1/2 hands high; black with white points. He has proved himself to be a good breeder. Will stand at \$8 to insure a living colt. A lien retained on all colts until the season money is paid.

Stonewall Jackson, Jr.

This fine black saddle stallion was sired by the great saddle breeding stallion, Old Stonewall. This colt's dam was a Denmark mare. He is a nice colt, and has colts to prove his good breeding. Will stand at \$8 to insure until weaning time. We hold a lien on all colts until paid for. Barren mares made to stand by the impregnator. We have perfect success in this breeding.

Billy Breckinridge

This fine black jack was sired by Major John D. Harris imported jack. He will make the season of 1910 at my barn at \$8 to insure a colt and weaning time. His get of 1909 is now on my farm to show for his good breeding. He is a true foot getter.

Dorsey Goldust,

12052.

Full Brother to Estelle No. 219. Sired by Zileadi Goldust, 4400—by Goldust 150, by Vermont Morgan and on to Justin Morgan. The dam of Zileadi Goldust was by Imp. Arabian stallion Zileadi. The dam of Dorsey Goldust is Florence by Golden Mingo Chief, a son of Gaff's Comet Morgan.

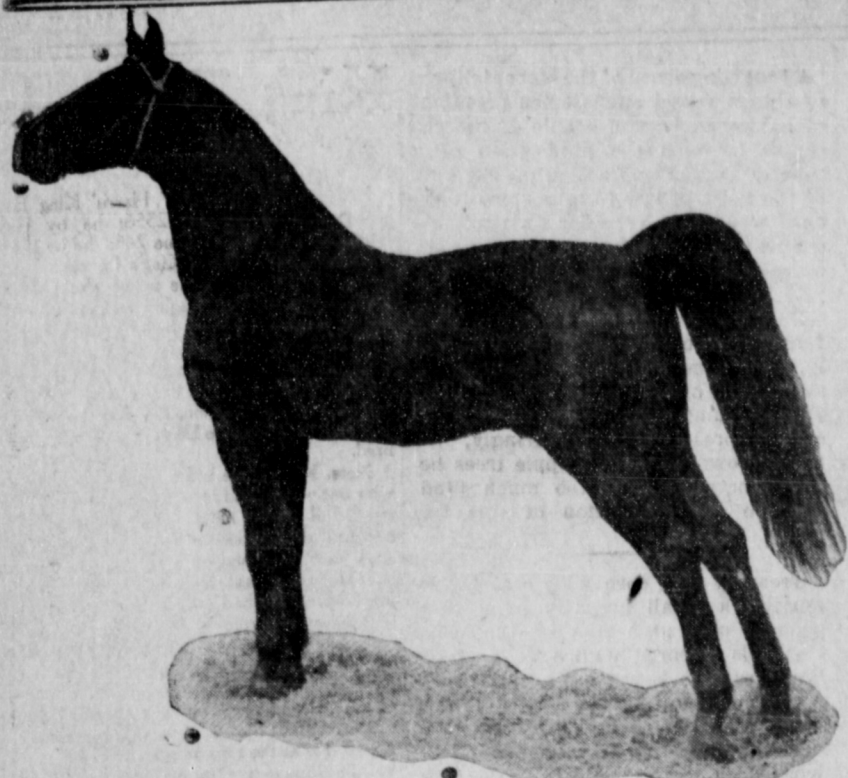

Note.—This is an intensely inbred Morgan stallion, the blood now in demand. A rich dappled bay, black points, 16 hands high, 1200 pounds stallion of great beauty and action, with speed and endurance and unexcelled as a producer of high class show, road and Eastern horses. The records of his produce both in show and sale rings show his value and merit as a producer of fine road, show and sale horses. A look at sire and colts will be convincing.

Will make the present season at my farm 2 1/2 miles from Stanford, Ky, to approved mares at \$15 to insure a living colt. Mares kept at 10 c a day. The best of attention given but no responsibility for accidents or escapes. F. REID.

GALTON 12910.

Season of 1910. Sire of Calvin C. 2194, Al Burns, 2294, and six others with trials from 2:30 to 2:18, those are the only ones that were ever handled for speed. Also the sire of one dam with one in the 2:30 list. Sired by Gambetta Wilkes 2194, the sire of 2:10 in the 2:30 list, 18 in 2:10 and better, claimed to be the greatest sire in the world. 1st dam Daisy Field (grand dam of 5 with record off from 2:17 to 2:20 has 6 in 2:30. His daughters have 60 in 2:30, or better, 2nd dam Quaker by Kentucky Prince, Jr., sire of J. Q. 2174, Kentucky, 2:27 1/2, and dams of 15 in the 2:30 list 3rd dam by Old Joe, sire of the dam of J. Q. 2174.

Galton carries the blood of four leading families: Hambletonian, Wilkes, Mambrino Chief and Seely's American Star. Galton's colts have gone against and defeated the best in harness classes and roadster rings, they are in great demand, selling as high as \$1,000 before maturity. Yearlings from 2 miles West of Hustonville on Bradfordville pike at \$15 to insure a living colt. Money due if mare is traded after being bred. Plenty of grass at \$2.50 per month, saved expressly for mares, no other stock mixed with mares. Money due if mare is traded after being bred.

All Peavine 4092,

DESCRIPTION and BREEDING: Four-year-old 15.3 hands, a dark chestnut sorrel with best of bone, conformation and action, sired by Rex Peavine 1796, he by Rex McDonald 1833, first dam Lucy Wells 6404 by Peavine 85, 2nd dam by Warren Harris Denmark, 3rd dam by John Wesley he by Davie Crockett.

NOTE.—If you are looking for the breed of horses that are commanding the highest prices, here he is, he has as much Peavine blood as it is possible to get, being by Rex Peavine and out of old Peavine mare. Will serve a limited number of mares at \$25 to insure living colt.

DALMAS.

This stallion is dark bay, 5-year-old 16.2 with best of bone, and action with very heavy mane and tail.

BREEDING: Sired by Cecilian Chief, 1st dam by Ultimatus 2nd, dam by Gill's Vermont, 3rd dam by Bay Dick, 4th dam by Bold Stockings. In offering this stallion to the public, I know he is what we need to get stock big enough to breed, work and sell. He is well enough bred to get trotters. Will stand him at the very low price of \$10 to insure live colt.

At same time and place Will stand two good jacks Jim Porter and Brignolia. These jacks are too well known to need advertising as I have made several seasons with them and you all know how they breed. Terms \$8 to insure live colt. Service fee due with all the above advertised stock, when colt is foaled, mare traded sold or bred to other stock. Care taken to prevent accident but not responsible should any occur.

PRESTON.

NO. 922 VOL. 11.

This Champion 5 gaited saddle stallion of Kentucky. Winning at all the Kentucky fairs and also at the horse shows at Buffalo, N. Y., St. Louis Mo., and Kansas City.

Sired by Washington No. 54, first dam Bell by Rhoderick, No. 104, second dam by Denmark. Preston is a brown horse 15 3-4 hands high with fine style and very high action.

He has not only proven himself to be a great show horse, but also a great breeder. He is the sire of Carroll Preston owned by W. O. Walker of Stanford, Ky., for which he refused \$3,500 last season when he was only 3 years of age.

He is the grand sire of Diana of the Lea, a winner at Madison Square Garden last Fall. Lawrence Jones who paid \$5,500 for her, also a grand sire of Queen of the Night that sold in N. Y., March 14 1910 for \$850.

Preston will make the season of 1910 at my stable in Crab Orchard Ky., at the reasonable figure of \$20 to insure a living colt. Will keep mares on grass at \$2.50 per month but will not be responsible for accident or escape of stock. Season is due if mare is traded or parted with or bred to other stock.

GEORGE HUR.

A very fine draft stallion, weight 1,600 pounds, stands full 16 hands high. He was sired by Ben Hur Major, 273, 3135, Grand Sire Scott, 2430. Dam, Jennie Beatrice, Clydesdale. George Hur is half English coach and half Clydesdale; best draft horses in the state. Will make the season at my place at \$10 to insure a living colt. Colts can be seen at my place They show for themselves.

I will also stand two Jacks and a Shetland pony at \$10 each to insure a living colt.

M. S. BAUGHMAN, Stanford, Ky.

Black Joe.

This handsome young stallion the property of J. D. Eads & Son will make the season of 1910 at my place in Crab Orchard, Ky., at the very reasonable price of \$15 to insure a living colt.

Black Joe by the noted sire Preston 922, 1st dam Lucile 2nd dam Bettie Robinson by Robinson's Vermont Hambletonian. He is a black horse 15 1/2 hands high, weighing 1,625 pounds, 5 gaited and very fast

both in his rack and trot, with plenty of style and action. Just the kind of horse for the farmer to breed to to get the best all round horse. See this horse before you book your mares and I know you will go no further. Will keep mares on grass at \$2.50 per month, but will not be responsible for accident or escape of stock. Lien retained on colt for season until paid. Season is due if mares are traded or parted with or bred to other stock.

Red Light. Dignity Dare 1982.

Red sorrel horse, 4 years old, 16 hands high, extra weight and bone.

Sired by famous roadster and sire, Red Leaf, who is too well known to all horsemen to need description and pedigree, he by C. F. Clay 2135, 1st dam by Red Wilkes, Red Light's 1st dam was Day Maid by Cecilian 2:30 son of the great Gambetta Wilkes; 2nd dam Nell by old Balsora, 3rd dam Noonday by St. Elmo; 4th dam Midnight by Pilot, Jr., 5th dam Twilight by Lexington; 6th dam Darkness by Wagner.

In offering the services of this promising young stallion we feel safe in saying that with his size, style, form, speed and action that he is bound to prove a great stock horse. Will stand at my livery barn in Stanford at \$15 to insure a living colt, money due when colt is foaled or mare parted with. Be sure to see him before breeding your good mares.

G. G. BEAZLEY, Stanford, Ky.

DON VARRICK

This magnificent bred young stallion will make the season of 1910 at my stable near Stanford, Ky., on the Shelby City pike at \$15 to insure a living colt. Don Varrick is 16-2 a beautiful chestnut short back heavy bone in fact the highest type of the trotter and perfect disposition. He is the great Onward Silver 2:05 1/2, 1st dam by Transylvania in a seven heat race in 1902 and the same year won the \$10,000 Bonner Memorial and the M. and M. all in 1902. He is making a record of 2:07 and was classified as one of the big four, being one of the greatest money winners on the grand circuit in 1908.

Onward Silver is by Onward, one of the greatest and best sons of George Wilkes. Onward's dam was the dam of Director, the sire of that great family of trotters and sowers. Don Varrick's 1st dam was by Wilkes Boy, by George Wilkes a full sister to The Way 2:15 1/2, and half sister to Madeline Patchen the dam of Ruben 2:10, Winchester 2:15 1/2, Billy Wilton 2:30, and Miss R. 2:30, 2nd dam Mary by Boggs's Grey Eagle the dam of The Way and Madeline Patchen.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 16 months in 1:08 1/2, and sold to N. W. Hubinger of New Haven for \$1,000, she also produced Major 2:20, trotted a half mile on the same track at 16 months old in 1:11 and sold for \$500. Don Varrick is fast and always on the trot, very rarely ever leaves his feet. In 6 weeks handling last Fall he trotted a quarter on half mile track in 34 1/2. See half in 1:10 and the mile in 2:27 1/2 on the outside of track. Please note the rich inheritance, speed on both sides, not a missing link for generations. Bred to this fellow and you can't miss the four things every breeder looks for size, disposition, speed and looks. See him before booking your mares. Season money due when mares are parted with or bred to another horse. Mares kept at \$10 per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand

Two Mighty Jacks Two.

CLIFTON and RUSSEL. Clifton is a black jack with light points, 4 years old last September, 15 1/2 hands high with a matchless head and ear, well set on a rangy neck, has plenty bone and substance and as a breeder is not surpassed.

RUSSEL

Is a black jack with light points, 4-year-old last August, full 16 1/2 hands high with much flash and action as a horse, and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mare forfeits the insurance. Care will be taken to prevent accidents, but will not be responsible should any occur. Jennets will be cared for after June 1st, and bred by private contract.

**E. P. WOODS,
J. H. WOODS.**

BEAU NABOTH.

Sired by Naboth 10-116, Record 2:19 1/2. Beau Naboth's first dam Nora Baughman by Novel 2:04 record 2:14 1/2, by Electioneer 2:10, second dam Lela Jr., sired by Metropolitan 1:57 by Hamiltonian 10, third dam Josephine, sired by Monbrine Star 2:12 by Darby 44, fourth dam Mary Withers by Oliver thoroughbred, fifth dam sired by Wagner, sixth dam sired by Imp Tronby, seventh dam sired by Tharston's Battle.

Beau Naboth is a large horse standing 16 hands and weighing condition 1,180 pounds. When he becomes acquainted with the story of his limited education you begin to realize that he is truly a remarkable harness stallion, that he must be a great horse is proved by the wonderful progress that he has made. With very little handling he has proven to be the champion harness stallion of Kentucky. He has won over the best horses that Kentucky has produced. Read of him and you will see that there are no better bred stallions in Kentucky than he is. He gets first-class combined horses, give him a saddle mare he will get you a saddle colt, give him a trotter mare, he will get you a trotting colt, remember Beau Naboth is combined, with more record families than most any horse in Kentucky. George Wilkes Electioneer, Hamiltonian and four crosses of thoroughbred to give him stamina. Come and see this horse he lives without a fault, he is perfect from end to end, his three crops of colts cannot be excelled by any horse. Will stand at the Nunnelley Stock Yards. John Cook, caretaker, phone 19, the best personal care taken.

Fee \$15 to insure a living colt.

All Hail to the Farmers and Stockmen! Behold the Conquering Herds Have Come!

The fine young Jack Excelsior sire Emperor; dam Hidalgo jennet, imported, will make the season of 1910 at the Cedar Creek Valley Stock, Grass, Hay, Grain and Tobacco Farm, 2 1-2 miles south of Crab Orchard, Ky., on the Chappell's Gap pike. He was specially selected from the "Great Jack Herd" of Mr. Isaac Shelby Tevis, Travellers' Rest, prior to his jack sale two years ago; for the 1,000-acre ranch. This jack is in his fifth year; is black in color with characteristic

gray trimmings—a true picture of an ideal jack; a paragon of style, symmetry and perfection; has magnificent head, ears, neck and body; a strong, pleasant countenance expressing gratitude; alert, aquiline eyes; the ears the right size, form and beauty, that vibrate in unison and harmony; animated by true and fond emotions. The neck, shoulders, trunk, feet, legs, thighs, muscles, sinews, bones and tail correspond in unique proportions and at once indicate he is a picturesque model to his Jackship. He has the action, agility and animation of a "racer" or Arabian steed, and demonstrates to the beholder, he is the gifted son of a noble sire, and has always transmitted to his colts size, form, symmetry, style and beauty with elegance, and these attributes make them sell high. All colts he has been mares except two and all have sold from \$65 to \$125 at weaning or soon after weaning except two; they are not for sale. Excelsior has a strong, snoring rhythmic, tender voice and brays the hours in chronological order, and in short or long metre, sing:

Only! Only! Only! I say; I say! Excelsior—the Royal Donkey!

Was sired and foaled in Old Kentucky; And lives to work and for luck.

I say! I say! I'm the Royal Donkey!

I say! I say, See and hear the Royal Donkey!

Chorus—Only! Only! Only!

Jenny, Jenny, Jenny, my Jenny!

Only! Only! Only!

By special permission the following gentlemen and citizens of Lincoln county have kindly consented to be used as reference and endorsement; having raised or purchased his produce and personally know this jack as a great breeder and that his colts are rated with the best, viz: Messrs. John Saylor, John Henry Harris, Brom F. Long, Morgan Chapple, George Holmes, Lute King, Bowen W. Givens, Jacobum Retenstach and I. S. Tevis.

Excelsior will stand at \$8 under same conditions as the stallion Redgo. Excelsior is the sire of a very fine jennet colt and is destined to be a great jennet jack. The season for jennets will be \$15.

Galton's Pedalgo

The young stallion, Galton's Pedalgo, will stand at the 1,000-Acre Ranch. He is a dark bay, 15 hands high, four years old; has all the essential factors of a model stallion. Sired by Galton 12910; dam Pedie, register No. 3715, also 1st by Falconer's Abdallo Membrino—the season cost \$100; 2d dam Lottie Money by C. F. Clay, etc. This stallion combines the blood of the Hambletonian, Wilkes, Membrino, Seely, American Star and Clay families, and will stand at \$10 to a limited number of good mares. Lien retained on colts until season is paid. Money due at once if mare is sold or traded. Will not be responsible for accidents or escape of mares. Mares pastured at \$2 per month. If you want stylish, fast trotters, breed to Pedalgo.

Bulldine, the Peerless.

A hornless, red Short Hor. Bull, an ideal animal in color form, style, size, symmetry, weight, muscle and bone, will stand at One Dollar, cash at the lot, with privilege of return.

All farmers should raise the best beef cattle; a pays to keep the best. It is the bull that is the great factor in transmitting ideal conditions and developments in the herd. Therefore, bring your cows and get calves you will be proud of and that will sell themselves without chit music. Farmers who breed to the best sires, raise the best stock and get the best prices. We ask the courtesy to purchase at the market price the progeny of these fine animals over other buyers.

The King of Lincoln

A notable and prolific sire. This Jersey bull was sired by Dr. Vaught No. 72945; dam Roberta No. 123610. "A. J. C. C. No. 8 West 17th St., New York, N. Y." will stand at Three Dollars, cash at the lot, with privilege of return. Cows and heifers pastured at reasonable rates. This bull's progeny have been 85 per cent heifers. His high grade heifers have sold from \$35 to \$50 per head as short and low yearlings. Every family should have a good Jersey cow, as a matter of comfort, economy, good living. Always have golden Jersey cream and butter, for no other tastes like this good, yellow butter.

Stockmen and tobacco raisers will do well to keep their eyes on 1,000-Acre Ranch with its fine stock, grassy pastures, abundant water, prolific limestone and much virgin soil, picturesque forests and timber and beautiful landscapes, wire fences and grand pikes, numerous tenant houses and tobacco barns. This land produces the finest quality of tobacco; crop of 1908 sold for 16 1-2 cents; 1909 crop sold for 15 cents per pound.

Cecilian Leaf

44165.

Sired by Red Leaf 21390, the greatest of all roadsters; 1st dam Day Maid by Cecilian, he by Gambetta Wilkes; 2d dam Nell by Balsora 1024; 3d dam Noon Day by St. Elmo 275; 4th dam by Pilot, Jr. 12.

In Cecilian Leaf the blood of C. F. Clay and Red Wilkes is united with that of Gambetta Wilkes and Pilot, Jr., and should prove a cross which cannot be excelled.

Cecilian Leaf is a well developed, registered trotting colt, four years old. He is a rich bay with two white hind feet and a star; is exceptionally rangy for a trotting horse, especially graceful in the neck; stands full 15 3-4 hands; has high action and lots of style and finish, which, in addition

tion to his speed, makes him an ideal horse for the stud. These qualities are just what is needed in a sire to breed high class harness and walk-trot horses, and it is the walk-trot that sells for the most money and has the readiest sale. Cecilian Leaf is unmarked but can trot in 2:28. He will go for a record this summer.

He will make the season at the Pink Cottage barn 1 1-2 miles from Stanford on the Hustonville pike. The fee to a limited number of approved mares this season will be \$15 for a living colt. Season fee due when mare is parted with.

In offering the services of this young horse whose sire and whose dam's sire are among the very foremost of all Kentucky's horses as sires of fancy show horses, I believe that I am making you an offer of rare merit.

C. E. TATE,
Stanford, Ky.

Powhattan

Bay Stallion; 15 1-2 hands high; by Dign Dare. 1st dam Minnie by Rienz; 2d dam Pauline by Belmont Forest; 3d dam Sellar's mare, very fast pacer. He is a fine individual, high action and nice to handle.

Will make the season of 1910 at my farm at McKinney at \$10 to insure a live colt; money forfeited if mare is sold, traded or bred to another horse.

1st dam Baby Pence, sired by Enoch Arden, 2nd dam Lady Pence by Belmont Forest 2863, 3rd dam by Garrard Chief.

He is a beautiful bay 15 1/4 hands high four years of age. He has more natural action than any horse living, and from his success as a show horse in his three year old form bids fair to make a greater show horse than his grand old sire, being undefeated in his class as a three year old and always getting his part in the stakes against the crack show horses of 1909.

This great young stallion will make the season of 1910 at the stock yards of A. T. Nunneley, Stanford Ky., at the reasonable figure of \$25 to insure a living colt. Mares kept at \$2.50 per month, and not responsible for accident or escape. Season due when mares are parted with or bred to other stock.

THE WARFIELD,

3021, Tr. 231.

Property of S. M. Owens & Son, McKinney Ky. Dark bay stallion, 16 hands, foaled Aug. 26, 1901, bred at Village farm, East Aurora, N. Y. Sired by Dare Devil 209, horse show winner, he won seven championships, National Horse show, first dam Knight's Girl by Rex American 32909, four years old, record 2:14, sire of American Bells, three years, record 2:19, and 99 others in 2:30 list, a son of Onward 1411 record 2:23, sire of Onward Silver 2055, and 175 others in 2:30 list, a son of Onward 1411 record 2:23, sire of Onward Silver 2055, and 175 others in 2:30 list, a son of Onward 1411 record 2:23, sire of Onward Silver 2055, and 175 others in 2:30 list.

has a good coat and carries nice head and tail, this is a sure trotter, he stepped a mile in 90 days handling, 2:34. The Warfield is a truly made horse, of grand individuality and bred in lines that entitle him to become a sire of note seeing that he is a son of the great race horse and famous progenitor Dare Devil 209, the latter earned the title of the "Monarch of the home stretch," while on the turf, and after retirement to the stud acquired imperishable renown as a sire. Not only have the Dare Devils proved great race horses but the family has furnished many noted show ring winners as well as Dare Devil and Mabino King, both being champion show stallions of National fame received more money in the show ring than any two stallions in the world. Will make the present season at our farm one mile from McKinney, Ky., at \$15 to insure a living colt. Young sired by Brigadier; he runs back to Brigadier on both sides. His colts sold for more money than any jacks in Stanford. He is 15% hands, stands well on his feet; a sure foot getter. He is perfect in every way. \$5 to insure. S. M. OWENS & SON, McKinney, Ky.

The Hessian fly is destroying it. One farmer reported that his crop appeared to be doing fine, but upon examination he discovered that the fly had ruined it. —Adair News.

W. B. Burton, of Garrard, is reported to have made \$2,200 profit on the car-load of horses he took several weeks ago to Richmond, Va. He went from that city to Wilson, N. C., a live stock market, to which he makes large shipments of mules and horses.

Wilson Alexander bought a farm of 20 acres from Jacob White, of the Hubble section, for \$4,000. J. E. Hammond purchased a pair of 3-year-old mules from James Anderson, of Preachersville, for \$305. Hammond sold his farm in the Preachersville section, to his brother, G. Hammond, for \$10,000, or \$80 per acre.

Notice, Tobacco Growers.

I have decided to clean up what tobacco is left in the country. Have already bought J. M. Lane's crop of 25,000 pounds. Any one having tobacco unsold will do well to see me in the next few days. W. P. Kincaid, Stanford, Ky. Box 268—Phone 199. 22-4t

HARNESS

The Bigger the Horse

The better we appreciate the task of fitting him with suitable and serviceable harness, the making of the best of which is our special business and hobby. We are employers of expert labor only, and give our men the very best materials to work with. Hence we never fail to give complete satisfaction to our patrons. And our charges are also well appreciated.

W. P. Kincaid sold a good farm horse to S. H. Aldridge, of Lancaster, for \$135. He bought a sow and five pigs from W. H. Curtis for \$15.

WHILE you are at it, is it not due yourself to build the best fence obtainable? The Brown is made for service as well as to sell. H. C. Carpenter, Agt. 22-1

Judge Joe Lee has sold 48 acres of land near town, on the Shakerstown pike, to John Spears at \$150 per acre. J. S. Parks, the Lancaster pike farmer, sold 21 head of 100-pound hogs to Robert Collier at \$75. W. N. Lane, of this city, who owns a farm near town, on the Stanford pike, recently purchased 8 sows and 80 pigs from Lewis Shropshire, of Fayette, for \$550. The pigs now average 80 lbs. each. All are registered Poland Chinas. During the past week J. D. Whitehouse, the Stanford pike farmer, sold Millard Allen 34 yearling steers at 575; Deck Miller 10 head 850-pound cattle at 6c and to W. C. May a bunch of fancy butcher heifers at 525c.—Advocate.

PUBLIC SALE

Of Fine Bourbon Stock and Tobacco Farm.

As heirs of the late Mrs. Sallie E. Moore, we will sell on the premises 3 1/2 miles from Paris on the Paris and Cynthiana turnpike, on

Thursday, May 26 '10

at the hour of 2 o'clock p. m., and without reserve her farm of 360 acres of land.

The farm is without question one of the best improved tracts of land in the Blue Grass region and is in a high state of cultivation.

It has been in the same family for one hundred years and each generation has taken great care in preserving the fertility of the land.

It has upon it one of the best two-story modern brick residences in the county, containing eleven rooms, halls, 10 closets, 1 store room, a double front veranda, with elegant bay window between, double back porches and with cellar under main portion of the building.

The house contains a slate roof has been newly painted and is in splendid condition, inside and out. There is a large cistern near the rear door, and one of the best ice houses in the state.

There is also upon the premises a meat house; brick cabin in the yard; stable, tobacco barn for ten acres of tobacco and a good house of five rooms.

The farm is one of the best fenced tracts of land in the county, is very productive and is all in grass except 10 acres. It is well watered, Cooper's Run flowing through one corner of the place, while a number of never failing springs and pools make the farm drouth proof.

The land lays well, being sufficiently rolling to afford natural drainage, and is of a rich productive soil. A field of 50 acres of corn last year has now upon it a fine growing crop of wheat, which is sown to clover, the latter being up nicely. Sixty acres is to be planted in corn and can be seeded to wheat in the fall of 1910. The farm is surrounded on all sides by citizens who own their farms. Colonel E. F. Clay, the owner of Runnymede, and his son, E. F. Clay, Jr., being on the south side, Mr. George Wagner on the west, the land of Miss Elizabeth Grimes and Mrs. R. C. Talbot on the north and bounded by Stoper creek on the east.

The residence and surroundings are among the most attractive on the Paris and Cynthiana pike, the former being located 75 yards from the road and approached with a beautiful heart shaped driveway.

The yard comprises several acres of land well set in pluggers and shaded with cedars, maple, walnut, and several stately oak and ash trees.

The line of the Cynthiana and Paris interurban railway, which has been surveyed and will be built within the next twelve months, runs directly in front of the premises and will afford quick transportation in either direction.

The farm will be sold in two tracts, the home place (going in the direction from Paris to Cynthiana) containing 236 acres, and including the improvements and the rental contract for 1910, will compose tract No. 1 and the unimproved land lying immediately across the pike and containing 125 acres, will compose tract No. 2.

Tract No. 2 is one of the richest bodies of land in Central Kentucky. It is deep virgin soil, contains one hundred acres of fine timber and is richly set in bluegrass. The timber consists of mammoth red and white oak, blue and black ash, maple and walnut trees and is of such a variety and abundance as to be sufficient to build a number of tobacco barns. This tract of land has upon it an elegant and commanding site for a residence. Every acre of the one hundred and twenty-five will produce several fine crops of tobacco, after which it would produce the best corn and wheat that could be grown.

Prospective buyers are invited to visit the farm and inspect its unequalled opportunities as a stock and agricultural farm.

The farm will first be sold as a whole including the rental contract for the year 1910, and possession given March 1, 1911. It will then be sold in separate tracts, and the highest and best bid will be accepted.

If sold separately, purchasers of tract No. 2 can have immediate possession.

The terms of the sale will be liberal and will be made known on day of sale.
